Limitations on registration plants: For the first 30 registrants there are 12 single fans registered in 2021, 20 registered in 2020, and 11 in the 3 previous years. Some are double fans because they could not be separated.

The first 30 registrants may choose their plant which are all potted with color pictures.

The registrant, herself, must be present to receive the plant; friends cannot pick up registration plants for friends who are not at the Convention.

The remainder of the registrants will receive double fans from another hybridizer.

Registration forms are sometimes sent separate from payment, and so the registration number will be assigned only when both are in the Registrar's possession. The dates of registration forms and dates of payment will be scrupulously recorded.
